Five Charge ™

Charge 5 laptops simultaneously, anywhere, without restrictions

MADE IN FRANCE

Made from Recycled materials

5x USB-C POWER DELIVERY 65W
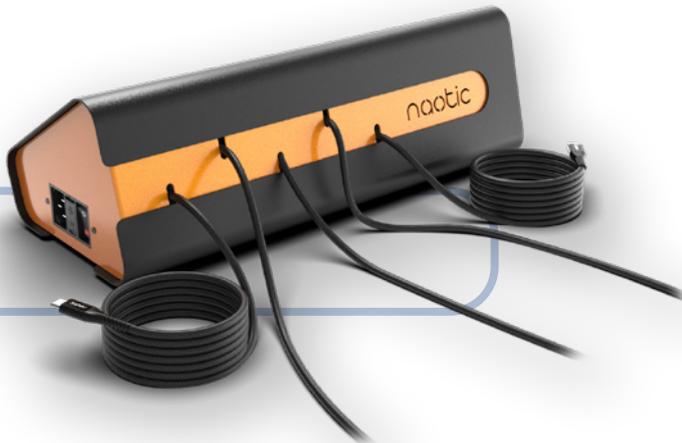

Designed for fast charging close to where it's needed

✓ **Businesses & coworking spaces**
Charge multiple PCs or smartphones in self-service mode, directly on a table or desk, for meeting rooms, open spaces, or flexible office collaborative spaces.

✓ **Media libraries, digital workshops, reception areas, and cultural venues**
Offer a simple and robust solution for charging smartphones, terminals, or PCs in workshops, reception areas, or cultural centers open to the public.

✓ **Retail, trade shows & customer reception areas.** Provide an elegant and convenient charging point for mobile devices in showrooms, trade shows, reception areas, waiting rooms, or back offices.

What makes the difference

Fast charging for 5 PCs and more : with up to 65W charging per port, the station accepts all USB-C compatible devices.

A solution designed to last
Compatible with most laptops and devices with USB-C charging, regardless of brand or operating system

Place, connect, charge
Ready to use, no configuration required, it includes its own high-power power supply and the cables needed for charging.

Professional, reinforced, and secure USB-C cables
Spiral-wound using magnetic force and secured to the station, they cannot be disconnected by users, ensuring security and durability.

Fits anywhere, adapts to everything: its sleek design and compact size allow it to be integrated into any space.

PORT DESIGNS Group
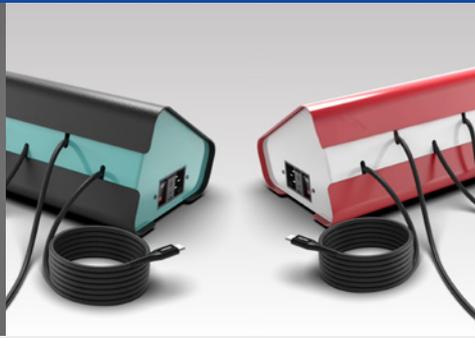

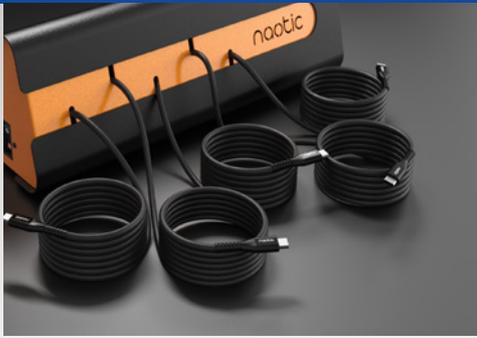

Braided USB-C cables featuring reinforced connectors and **magnetic-assisted spiral winding** (2 meters)

Customization for better alignment with your brand and specific requirements.

Powder-coated metal structure: robust and durable design, designed for intensive professional use.
